Identifying a Customer Experiencing Financial Hardship:

We consider financial hardship a state that involves an ongoing real inability of the customer to pay bills, rather than an unwillingness to do so.

Customers who have chosen to transfer all of their services to another provider but still have an outstanding balance with us are ineligible for participation in Our Financial Hardship Program.

If you are experiencing financial hardship, there are a number of organisations which provide [free](#) counselling and assistance.

Reaching a Financial Arrangement

Once we agree you are experiencing Financial Hardship, We may at our discretion agree to a temporary financial arrangement which is different to the terms which ordinarily apply to you.

The basic principle of any agreed financial arrangement for Financial Hardship is that the repayment made by you should be sufficient to cover expected future use of the service as well as providing continued reduction of debt at a reasonable level.
